

Tyler Police Department

711 W. Ferguson Street, Tyler, TX 75702 (903) 531-1027 FAX (903) 531-1069

February 15, 2019

Business Owner:

The Tyler Police Department continues to investigate complaints on the sale of cannabidiol (CBD) in the City of Tyler. A product with any detectable level of THC is illegal to possess in the State of Texas. THC is listed independently from marihuana as a controlled substance in Penalty Group 2 at Health and Safety Code 481.103. For example a product labeled CBD/Hemp Oil "less than .3 % THC" would be illegal if it contained any detectable THC.

This letter is notice to stop all sales of these products and to remove products from your inventory. We prefer voluntary compliance with the law and request that you remove any products from your premises that are in violation of the law **immediately**. I hope that this letter will serve as ample notice to you and your employees.

Failure to remove these products will result in the Tyler Police Department initiating an investigation of any items containing THC.

Please understand that the Tyler Police Department will take action to see that state law is complied with, including arrest and referral to the Smith County District Attorney, should such action be necessary.

Thank you for your assistance with this matter.

If you have questions in reference to this letter, please feel free to contact my office.

Sincerely,

Jimmy Toler
